7) In the case of (8) Commercial Assistant only one existing man can be absorbed. The question about how the remaining men (including one who is working in the University) has also been raised separately and the file.

8) As regards (1) to (7) the question is left open by the Director. The point perhaps is that with the transfer of Ind. Education to the Ind. dept. Mr. Venkata Krishnaiah should also be transferred from the Ed. to the Ind. dept. In this case it has to be decided which of the 3 officers viz. the Chemical Examiner, Appadorai Mudaliar Venkata Krishnaiah should be appointed Industrial Engineer.

9) As regards (4) Supdt. of Govt. Work the grade has been revised into Rs 200-20-300. Mr. Appadorai Mudaliar is now in grade Rs 300-20-500.

INDUSTRIES & COMMERCE.
BRANCH.

Notes of conversation between the General Secretary to Government, Director of Industries & Commerce and the Secretary, Mysore Iron Works.

Reference - Letter No. C.5 I & C dated the 12th June 1922, from the Secretary to - Government, General Department.

Subject - Staff of the Industries and Commerce Department likely to be disbanded.

The organisation of the Mysore Iron Works as proposed by Mr. Marshall with the modification subsequently suggested was gone into at length. According to his proposals the higher positions likely to be available for recruitment in - India would be - i) One Electrical Superintendent on Rs 400/-, ii) One Assistant Master Mechanic on Rs 300/-, iii) One Saw mill foreman, iv) One filer for Saw Mill and v) 7 Foremen for the several departments.

In connection with the staff for the Saw Mill, the qualifications of Mr. T. M. Ghouse, Mechanic at Mysore, were considered. As he has no experience of Saw Mill works it was - - thought preferrable, at the beginning at any rate, to have a - more experienced man in charge of this plant. Mr. T. M. - - Ghouse might however do for the position of a Filer. His present pay is Rs 100/-.

Some of the appointments in the Foremen class have to be reserved for the Chemists from the Sandalwood Oil Factory who were deputed to Jamshedpur and are now working at Bhadravathi. For one of the remaining places Mr. C. R. Rama Rao was suggested. This gentleman is now employed in Shimoga as Superintendent of Industries. Re: his qualifications, he holds the Government of Madras Certificate for having passed in the Chengalvaraya

Naicker's Technical Institute, has served in the South Indian Railway Company and has been in the Department of Industries and Commerce for the last nine years.

If it was proposed to combine the appointment of Electrical Superintendent with that of Master Mechanic, it was suggested that Mr. K. T. Kadaba may be kept in view. His present salary is Rs 300/-. He has practical experience of Electrical Work having represented the firm of Messrs. Osiers in Bombay prior to his taking up service in the Department. The difficulties in the way of these arrangements are viz., i) the proposal to constitute the Electrical staff of the Mysore Iron Works as a branch of the Electrical Department, and Secondly, the desirability of securing as Assistant Master Mechanic, a person with special experience in Chemical Engineering.

SUPERIOR MECHANICS

30 to 40 places of this class might be available when the operation of this plant is commenced, but the salary proposed ranges from Rs 1/8 to Rs 3/- and it might not be possible to absorb on this rate of pay any large number of mechanics now employed in the Department of Industries and Commerce. It is not improbable, however, that some of the men will find the salary offered tempting enough, but this part of the question of these men need not be taken just yet.

CLERICAL STAFF

The Clerical Organisation as now proposed consists of one Superintendent on Rs 200 to Rs 250/- : 15 Senior Officials on Rs 80 to Rs 100/- including Cashier, Time-keeper and Store-keeper and 18 Junior officials on Rs 40 to Rs 75/-. In respect of these appointments preference is necessarily to be given for the men who are already employed at Bhadravati and those who are now working in the Town Construction and other related Departments whose services will shortly cease. Of the posts that remain, two on the scale of Rs 80 to Rs 100/- might perhaps be offered to

two of the Commercial Assistants.

CHEMISTS

The appointment of 2 Chemists on Rs.175/- each and One Help-er on Rs.75/- is contemplated. It was understood that two of these places would be given to men already working in Laboratory and that the 3rd place was reserved for a Metallurgical Chemist who had experience of assaying work in the Geological Department. There was no room therefore in this Department for the officials of the Industries and Commerce Department.

(2) To transfer Mr Jorge (Comml Asst) to the Excise Dept.

(3) To transfer Mr Jagannatha (Comml Asst.) to the Excise Dept. as Mr Bhadrachalam Excise works are about Rs 120 per life & does not accept the place & desires retention here.

(4) To transfer Mr S. K. Iyengar (Comml Probr.) to the Completion Office on the Iron works

(5) To ask the Govt to retain Messrs Sitapathi (Comml Asst.) & Krishnamurthy (Probr.) permanently in the Govt.

OFFICE OF THE
DIRECTOR OF INDUSTRIES AND COMMERCE, IN MYSORE.

Bangalore....9th..September..1922 .

FROM

P. G. D'SOUZA, ESQ., B.A., B.L.,
Director of Industries and Commerce in Mysore
Bangalore (India)

9 SEP 1922

To

The Secretary to the Government of Mysore,
General Department,
Bangalore.

SIR,

With reference to your letter No. IC. 1509/I & C 8-22-7 of the 7th September 1922, I have the honor to state that Mr. S. K. Iyengar is willing to accept the offer if he is given the maximum pay of the appointment viz., Rs. 120/-. Mr. S. K. Iyengar previous to his appointment in the Industries Department was employed in the Education Department and he has been working here for a period of three years on a pay of Rs. 100/- per mensem. According to the conditions of his appointment he should have been confirmed as Commercial Assistant on a pay of Rs. 150/- per mensem after a years's probation, but owing the retrenchments in the Department this increase of pay due to him has not been given. Service in the Bhadravati Iron Works will be more or less akin to service in a Commercial concern and it may not be possible to give such officials the advantages which persons in the regular pensionable service of Government enjoy. In these circumstances, I beg to recommend very strongly that Mr. S. K. Iyengar may be given the maximum pay of the grade. He has passed the - - Bachelor of Commerce Examination with Accountancy as his special subject from the Sydenham College of Commeree, Bombay, and has been employed for a period of three years in attending to the accounts of the commercial concerns under the management of the department. His experience will be very valuable to the new concern. I am sure that if he were to leave the State with his qualifications he should

has appointed Mr. S. K. Dyapar as Commercial Teacher in the Shimoga Collegiate High School on Rs. 75 in grade 75-10-125 and that Mr. Dyapar was relieved on 17.10.22, and requests that his pay of Rs. 100 in the Dept. of I.E. may be continued to him.

14 From the same offr. G.C. 34 of 27.10.22 recd. 30.10.22.

States that Mr. Jayaram has been appointed by the D.P.I. as Commerce Teacher in the Davangere High School by him, and requests that his pay in the Dept. of Ins., Rs. 150, may be continued to him.

12) In the revised cadre of the Dept. as sanctioned by the orders of reorganisation there are only three subordinate places having anything to do with commerce, viz, —

one Supt. of comml. Intelligence, 200-20-300
one Commercial Accountant, 225
one Commercial Assistant, 150-10-200.

It is not clear who is to be appointed as Supt. of comml. Intelligence; and there is already a commercial Accountant. Thus there is only one place of the commercial Assistant as against 7 Commercial Assistants + 1 comml. probationer.

OFFICE OF THE
DIRECTOR OF INDUSTRIES AND COMMERCE, IN MYSORE.

Bangalore....11th May.....1922.
13.

FROM

P. G. D'SOUZA, ESQ., B.A., B.L.,
Director of Industries and Commerce in Mysore,
Bangalore (India)

To

The Secretary to the Government of Mysore,
General Department,
Bangalore.

SIR,

With reference to correspondence ending with your letter No. 5541 I & C of the 27th ultimo as regards the various classes of trained men for whom employment has to be provided for in the Iron Works owing to reductions in the Department, I have the honor to state as follows -

In my letter No. CC.26/6 dated the 30th January 1922, I have already forwarded a list in advance to the Secretary, Iron Works, a copy of which I am sending you herewith for the information of Government. Retrenchments in the Department have rendered it absolutely necessary that all these men should be provided for.

Since writing that letter it is proposed to carry the retrench-ments in the Department still further and I have referred therefore in some detail to the cases of all the Gazetted and non-Gazetted staff for whom provision has to be made. I may also state that as the Technical men trained in the Department have much experience in the erection of machinery and handling of labour it will not be possible for the Iron Works to get local men better suited to the work.

Now proceeding to individual cases, Mr. Ganesa Iyer has a lien

lien on the P. W. D. His services also seem to be required for the University, so his case does not call for urgent - settlement.

As regards the Superintendents of the Department, there are now three Superintendents viz., Messrs. K. T. Kadaba, G. S. Girimaji Rau and S. V. Ramaswami and One Assistant Superintendent Mr. C. R. Rama Rao. The revised scale provides for only two Superintendents and one Superintendent of the Workshops. It is necessary to provide therefore for at least one of these men if not two. I prefer to retain Mr. S. V. Ramaswami as he has University qualifications and has gained considerable experience. Of the others, I have no objection to the Iron Works selecting the men they consider most suitable. Their qualifications have been given in detail in the Statement sent herewith.

As regards the Mechanics, Assistant Mechanics and Fitters, the revised scale provides for only 6 Mechanics and 4 Fitters as against 7 Mechanics, 8 Assistant Mechanics and 8 Fitters now in the department i.e places have to be provided for 13 men. In regard to the Mechanics, I propose to retain all the senior Mechanics and 4 of the Assistant Mechanics viz., Mir Sab, K.V. Govinda Rau, V. Annoo Mudaliar, and M. K. Sreenivasa Iyengar and the others have to be provided for.

In regard to the Commercial Section it is proposed to retain only two of the Commercial Assistants. I propose to keep Mr. H. K. Rama Iyengar and Mr. R. Anantha Ram and the others - will therefore be available for appointment elsewhere. Mr. Srikantaiah, who is the Senior among the Commercial Assistants is now in the University. His special subject is Accounts and as he is not likely to be immediately relieved, he may be absorbed in the University as there is no suitable appointment for - him in the department according to the revised scale. The others will have to be immediately provided for somewhere as I

I have already reported to Government, for though the Department is temporary, the circumstances under which the appointments were made were such as to convey any implied assurance to the young men that the appointments would be permanent. Mr. G. R. Josyer is by aptitude best suited to the Education Department and he may be provided with a place there. Mr. R. Jayaram and Mr. S. K. Iyengar have training in Accounts. They have also been trained in Commercial Institutions and are likely to be useful for the Bhadravathi Iron Works. An opening may be provided for them there.

As regards the remaining probationers, Messrs. A. V. Krishnamurthy and D. Seshagiri Rao, the former has received special training in Banking and arrangements may be made with the Bank of Mysore to provide for a place for him in the arrangements to be made for Treasury Work on his reversion from the University. As regards Mr. Seshagiri Rao, unless it is possible to provide a place for him also in the Education Department, he may be sent to the Comptroller's office and given a training in Accounts so that he may take the place of the Commercial Accountant provided for the Department.

The favour of very early orders is sequested.

I have the honor to be,

Sir,

Your most obedient servant,

DIRECTOR.

Bangalore 17th May 1922.

As early as 1895 Dear Sir Hiriyanna

With reference to your letter No. 5759 I & C dated the 13th instant, I have in my letter No.CC 26 dated the 13th May 1922 intimated to Government that notices have been issued to such of those as are not likely to have a post under the Re-organisation scheme. As regards the Commercial Assistants, I have in my letter No. GC. 206 of the 17th March 1922 submitted detailed proposals and I - - await definite instructions of Government in the matter before notices could be served on them. I have also issued further notices to such of those in the office establishment as are not likely to be provided with posts.

Yours sincerely

BRANCH.

My dear Mr. Hirayama

In addition to the regular staff of the department in regard to which I have already submitted detailed proposals to Govt there are two officers on temporary contracts in the department Mr. Shastri and Mr. Ramachandra Rao, the terms of both expiring next year — of the former sometime towards the beginning and of the latter towards the end.

The reorganisation provides for the appointment of an Industrial Chemist on Rs 400. Mr. Sastri when I reminded him in regard to his future intentions stated that he would prefer to be provided with a permanent appointment in the department and give up his separate contract with the Soap factory but he wants a grade

the benefits of which he will not actually obtain until he reverts to Govt service. Rather otherwise that he suffered was his being allowed to take up only consultative work in connection with the Govt factory but to be regularly attached to the department. There is considerable free in Mr Sastri's undertakings to look in his letter dealing with the mine concern as its future will be problematical for some time and I have every sympathy with his desire to make his position in the service secure. He feels that as his own enterprise and skill have contributed to the success of the undertaking in the largest measure his services deserve recognition. In these circumstances I beg to submit for the favourable consideration of Government the desirability of giving a suitable grade to this Officer while limiting the expenditure for his services on the department to the amount now fixed by allowing him to draw remuneration for other work. I have on several occasions expressed my views as to this Officer's capacity.

Now as regards Mr Ananthakrishnayya his case is also a hard one. Both in his case and that of Mr Shastri there is a definite

promise by God that when other offices are
made permanent a similar consideration will
be given to them. Mr Dean the assistant manager
has been employed in some individual a commercial
capacity for the State in one capacity & the other.
for the last nine years and has thus acquired
a unique knowledge of the resources and possibilities
of the State. His is invaluable association with
the several Directors has given him an opportunity
of making himself thoroughly familiar with
every branch & activity in the department
and even as regards mechanical details he
has picked up very valuable information. He
will retain the Department several years before
we are able to train a man like him.
Though there is a certain amount of hostility
in certain Quarters to him he is on the whole
popular and has considerable influence with
the people throughout the State - He has
also a decided capacity to find out the
most important points to be attended to & in
any incidental and knows how to concentrate
himself on the essentials. It is time that

there have been some complaints in regard to the management of some concerns but in all these cases the bank has stood by him and the conditions under which he was forced to take them up were not favourable to his showing the best results. He has been moreover hindered with too many miscellaneous duties. After watching him very carefully for the last six months I feel convinced that he is just the type of the officer the department needs to bring about a close association between the department and the people. There are many commercial and business details to be investigated which the technical officers of the department are not qualified to undertake. I would therefore strongly urge his permanent retention in the department

According to the reorganization the staff will have a superintendent of Commercial Intelligence and a Commercial Statistician. In connection with the Commercial Concerns of the department a need has been felt for the service of a man who has some training in buying and selling and it is my intention to employ one of the Commercial Statisticians in this work

GOVERNMENT OF MYSORE

The Dewan as 1st member in the Ramaswamiengar's time had approved of the appointment of a Special Assistant to attend to purchases and sales. The total output of the various Commercial concerns under the department even after the sugar factory is transferred is still over 3½ lakhs and nearly 1½ lakhs of rupees is spent on the purchase of raw materials. It will pay the department to put a man on this work and relieve the superintendents of commercial work so that they may concentrate on the technical details and improvements. This pay will be charged to the concerns. One of the Commercial Assistants will be employed on this. The Assistant's remaining time will be spent in the various branches of all these duties that may be

5)

delegated to the Superintendent of Commercial Intelligence. The other Assistant will be employed as Statistical Clerk. This arrangement may be tried for one year. It will not contribute in any way to the extra cost. The final details may be settled after the scheme has worked for a year. The Superintendent Commercial Intelligence will collect full information regarding the present position of the trade in each commodity and industry in the State and investigate lines of improvement. There is ample work to be done in this direction

Yours truly

Dear Mr. Hiriannaiya,

I have received your confidential letter No. C5 of the 12th instant suggesting that we should meet Mr. D'Souza regarding the question of providing places in the Iron Works for persons thrown out of the Department of Industries & Commerce. I shall meet you at Bangalore in the course of next week about the 20th instant. Any day you might appoint will suit me just as well.

During my stay in Bangalore I shall also arrange to hold a meeting of the Committee appointed for the purpose of suggesting changes in the Agency Agreement.

I see in the papers that you are transferred to Kolar as Deputy Commissioner. If this be true, I hope you will not have handed over charge before we have had an opportunity to discuss this question.

Yours sincerely,

My dear Mr. Narayana

I beg to forward herewith a letter addressed to me by the Deputy Director of Commerce giving his opinion regarding the Commercial Assistants employed in the Department. I personally agree with him

The scheme for reorganising the provides for only 2 Asst and for these 2 posts Mr. Ramachandra and Mr. Venkoji Rao may be retained. No one must be found to work for them at present Mr. Jorjee came from the Executive Dept. the Should have a Asst in that Dept. He has

required. consideration of statistical
basis. He has not much experience in
this kind of work. He has been taking considerable
interest in Sunday school work & social
improvement which however is outside
the scope of this Dept. I beg to suggest
that he may be rehabilitated & the Edn Dept

As regards his Jagirdari
he may also be taken by the Education
Dept if it is possible to provide a
place for him there. In case this
is not possible he may be given 3
months' leave and from the expiry of
the period of leave he may cease
to be an officiating Assistant
a Sub Inspector. I understand from

of experienced men and it will not be possible for Mr. V.C. Iyengar to attend to these accounts without fin the training.

As regards the Command Post Mr. Vaidyanathan and the Subordinate Mr. Krishnamoorthy who are working in the University they may be permanently transferred to that institution as I have already reported.

I beg that Post may be closed to pass immediate orders as these proposals as that post orders may be given effect to simultaneously with the

remaining after 7 the Debt.

unless he had special training for nearly
a year in the Comptroller's Office he is
not likely to be useful to the Dept
as the system of accounts is rather
complicated. He may either be
deputed to the Comptroller's Office for
training for about a year a suitable
for a place at Bhadravathi in the
manner I have suggested in the case
of Mr. Jayaram. As the canteens have
to be placed on a good working basis
it will be a great mistake to

Dear Sir,

I have the honour to furnish as desired by you my opinion regarding the Commercial Assistants working in the department confidentially. I may state here that the department had little or nothing to do with the selection of these men. They have been selected either on the ground of certain Commercial qualifications which they posses or their University degrees. Individuality and resourcefulness are qualities that are more essential to success in a Commercial career than any literary or other qualifications

Would make a good office Assistant as
he is very methodical and diligent.

Mr Joseph. M.A. Has been attending
mainly to Statistical work. Has a
good command of English but is inclined
to be diffuse. Prone to generalize and
does not bestow minute attention
on accuracy. Does not possess sufficient
personality for the work of the department.
Is best fitted for the Education department

Mr Ananthanarayan B. Com (Bombay). Knowledge
of English rather poor. Has more

As these are the very qualities in which the young men given to the department have been most deficient, none of them has been able to show any marked capacity for the work of the department. The young men however all possess high character & most of them would have done very well in departments in which the work does not demand much initiative.

Mr. Rama Iyengar. M.A. Has since been transferred to the Bank of Mysore. Was the most efficient and painstaking among the Commercial Assistants. Did not show much aptitude however for executive work or any

dash and personality than other officers of the department, but is prone to be superficial. Has some initiative and aptitude for executive work, such as, formation of associations, salesmanship, and also for getting into touch with the people. Requires considerable training before he can be entrusted with any independent work. Eyesight is weak.

Mr Jayaram General educational qualifications are very low. Owing to very bad sight cannot be given any executive work. Would do as an Accountant or Storekeeper or Lecturer

Mr. Seshagiri Rao. M.A. Has high educational qualifications. Is still young and has had no training for commercial work. Could be trained for Statistical work or the Bureau.

I understand that it is proposed to confine the work of the Commercial Section hereafter more or less to the formation of a Bureau of Information

Subba Rao as Commercial Accountant in the Department till the 9th July 1922. The services of a trained Accountant are absolutely necessary at this stage. All the Commercial concerns under the Department have to be placed on a proper basis. Mr. Subba Rao has acquired a thorough knowledge of the requirements of the various concerns and possesses a thorough grasp over the accounts. In the proposals for re-organisation provision has been made for an Accountant. There is no one in the Department to take the place. I solicit Government sanction to the further retention of Mr. Subba Rao for a period of two years from 9th July 1922.

I replied that I would on certain terms. But I have not heard anything further from Government, and all the vacancies which occurred about the beginning of the year have been filled up by appointing other people. And if Mr.Josyer comes to me now I don't think that I shall be able to find a place for him. He will have to wait till some vacancy occurs.

As regards the other two men, I am sorry I am not in a position to find suitable places for them at present. As you are, no doubt, aware I have had to cut down the scheme of Commercial Education to a certain extent and to send away some men who were already in the Department and those that are left over are enough to fill all the places that are available. There is no immediate prospect of any suitable places for these men. One place may become available if certain proposals - - regarding Mr.A.Vasudeva Rao, Commercial Teacher at Tumkur, are approved by Government. In that case, I can take Mr.Jayaram. SIR,

I have the honour to invite reference to correspondence ending with my letter No: G.C.34/22-23 of 27-7-1922 regarding the provision of appointments to 2 of the Commercial Probationers in the Educational Department and to submit for the information of Government the - - correspondence I had with the Inspector-General of Education regarding the possibility of finding a vacancy for them in the Educational Department. The Inspector-General of Education thinks that it is not possible to offer them a place on more than Rs. 55/=. As they are now receiving a much higher pay it would obviously be very unfair to offer them an appointment the pay of which is less than half of what one of them Mr. Jayaram is actually drawing and nearly half of what the other one draws. Mr. S. K. Iyengar was originally employed in the Education Department and was getting a pay there of Rs. 75/= before he was appointed as a Commercial Probationer: In these circumstances I beg to recommend that Government may be pleased to treat the - - difference between the salary they are now drawing and the sanctioned salary of the post as Personal Allowance.

In continuation of my D.O.letter No:1/56 dated 25th July 1922, please let me know if Mr. R.Jayaram or Mr.S.K.Iyengar is willing to accept the post of Commercial Teacher in the Government High School, Davangere on Rs. 55/=. The favour of a very early reply is requested.

D.O.Letter No:G.C.34/22-23 dated the 2nd August 1922, from the Director of Industries and Commerce in Mysore, Bangalore, to the Inspector General of Education in Mysore, Bangalore.

With reference to your D.O. of the 31st ultimo, I write to state that Mr.R.Jayaram is now drawing a pay of Rs 150/= and Mr.S.K.Iyengar Rs100/= I would suggest that they be given the pay they are drawing now in the Department. It would be very hard to reduce the salaries to the extent proposed and practically force the men to decline. It is very unlikely that any persons possessing the qualifications which these officers have will accept such a low salary.

======

Letter No:1/76 dated the 3rd August 1922, from the Inspector-General of Education in Mysore, Bangalore, to the Director of Industries and Commerce in Mysore, Bangalore.

Your letter No: I.C.34/22-23 dated the 2nd instant. The appointment that I have referred to on a pay of Rs 55/= is the only one that is available in this Department in which either Mr. Jayaram or Mr.S.K.Iyengar can be taken. I am very sorry that the pay is much lower than what they have been getting in the Industries and Commerce Department. It is of course, open to Government to sanction to them any Personal Allowance or special pay even though they are taken to that place. But I don't think I would be justified in making proposals for them. It is for

for them to move Government for you to do so." I may certainly get B.Com's to take up the place on the salary offered; and since the vacancy has to be filled up very soon - in a few days - I should be much obliged by an immediate reply.

Dear sir,

I beg to acknowledge the receipt of your letter No- I.C.2111/ I.&.C.8-22-10 dated the 6th instant in regard to the appointment of Mr.S.K.Iyengar in the Works, and to state that Mr.S.K.Iyengar can be given a starting salary of Rs100/-. Having regard to the scale of salaries proposed for the Accounts Office during the operation period, it would be very inconvenient were Mr. Iyengar to be started on a higher salary and I regret very much that it is impossible to give a higher salary. If Mr. S.K.Iyengar is willing to accept these terms, he may be instructed to report himself to the Accountant as early as possible.

Yours faithfully,

Secy. Board of Management,
Mysore Distillation & Iron Works.
